This scarf has been hand woven on my four shaft loom using 100% wool and is super soft. It has many beautiful shades of berry and forest green colours, it measures 198 cm long plus fringe and 28 cm wide, would go with lots of outfits and will keep you lovely and warm when the weather gets chilly.

Artisan polymer clay leaves provide the focus for this unusual statement necklace. Every leaf is individually handcrafted making each one unique. Some leaves are gilded in gold and bronze leaf, while others have a subtle hint of gold paint. Every leaf is then sealed with varnish to ensure that the paint and glitter is non-transferable to skin and clothes. Lightweight and easy to wear, this dazzling necklace would look stunning with a little black dress, your own gorgeous skin or anyway you like. You're in charge. A superb gift for that special someone, especially yourself. Gold plated chain, lobster claw clasp
